

# Coffee Mill

Your **custom** beverage service since 1974.

# About Us

Since 1974, Coffee Mill has created remarkable, custom-designed beverage programs for companies across the Twin Cities metro area. At Coffee Mill, we focus on one thing alone: your peace of mind. That means delivering both great products and outstanding customer service.

That's because, first and foremost, Coffee Mill is a service organization. Yes, we carry excellent products, but our goal is to win you over (and keep you as a customer) with exceptional customer service and attention to detail. We carry some of the best brands in the industry (Starbucks, Caribou, Dunn Bros, Peet's, Keurig, Flavia, Good Earth and beyond) but we're much more than a supplier. We're a complete beverage service and we partner with our clients to tailor a program that fits your needs and satisfies your employees. We take the work we do very seriously, because we understand that the beverage services we provide directly influence your employees' job satisfaction.

Let us help you exceed your employees' expectations and positively influence your corporate culture. We're confident you'll be happy you selected Coffee Mill as your partner!

## OUR MISSION

At Coffee Mill our mission is to share our passion for delivering an exceptional office coffee experience.

## OUR VALUES

- **Commitment to Quality:** A cornerstone for our success.
- **Honesty and Integrity:** We work hard to earn the trust of our customers and achieve this by doing business in a straightforward and sincere manner.
- **Respect for Others:** Both internally with other employees and with our valued customers.
- **Dependability:** Ensuring standards are met to keep our customers happy.
- **Teamwork:** Providing seamless service to our customers.

## OUR HISTORY

When Coffee Mill was founded in 1974 we offered 2 regular coffee blends and one decaf. Today, Coffee Mill offers more than 30 different coffee blends from around the world.

Though the coffee offerings have changed considerably the commitment to service remains as strong. Coffee Mill doesn't simply drop supplies on your doorstep, they are a service-oriented organization. Each visit their staff clean and exchange your airpots and carafes, test the equipment and clean and organize the beverage area. Coffee Mill staff take great pride in their work, and it shows in terms of their longevity.

The average tenure among the approximately one dozen Coffee Mill drivers is a remarkable 10-plus years. Recently Coffee Mill celebrated one employee's 37th anniversary with the business!

Over the past four decades Coffee Mill has built a stellar reputation in the industry, as not necessarily the biggest, but the best.

# Sam & Evan's Coffee

## FAIR TRADE, ORGANIC, BIRD FRIENDLY, MISSION COFFEE

Meet Sam and Evan, two energetic and very giving young men who are no longer with us. They never knew each other, but they shared a common passion for helping unfortunate children in Central America. Today, happily, their spirit lives on.

Through the efforts of Sam and Evan's families and others who care, we bring you this extraordinary blend of coffee. From the cloud forests of Honduras, these 100% Fair Trade and Shade Grown beans are carefully harvested and roasted to perfection. Best of all, your purchase will preserve Sam and Evan's quest to help kids, not just in Central America, but everywhere a need is recognized.

When it comes to selling coffee in front of such an important social cause, one could be forgiven if the quality in the cup didn't quite match the quality of the mission. After all, you have higher reasons than the taste to support the brand.

Fortunately for you, we at Sam and Evan's Coffee care as much about our coffee as we care about the causes behind it. In both, we hold our efforts to the highest of standards. After all, our charities need you to keep coming back.

With Sam and Evan's Coffee, you no longer have to choose between drinking great coffee and supporting great causes. Instead, you can do both.

Coffee Mill donates a portion of the profits from this coffee to these Ministries:

- Nuestros Pequeños Hermanos – [NPH.org](http://NPH.org)
- Side by Side Ministries – [sbsyouth.org](http://sbsyouth.org)
- Evan M. Guillaume Fund – [EMGfund.org](http://EMGfund.org)

While all of our proceeds go to charity, there is nothing charitable about drinking Sam and Evan's Coffee. It's worth every sip. Enjoy!

# Filtered Water Coolers

Just like at home we give importance for drinking clean and safe water, similarly cleanliness of water should not be compromised at offices too. To meet these needs, Coffee-Mill supplies water filtration systems; which provide clean drinking water by removing all bacteria, and it is the best alternative to bottled water.

Our top quality water filters have been developed by using advanced water filtration technology; which translates into cost-effective, quantifiable business gains when it comes to employment productivity and efficiency, as well as promotes the “wellness” factor among your work colleagues.

Switching to drinking water from office filtration system makes for a sound ecological choice as it would not only help you to contribute towards environment, but also reducing dependency on bottled water.

In order to address specific water challenges, we use best in class water filtration methods, installation techniques and advanced materials. In addition, we also provide maintenance services for office water filtration systems, so that you can be assured of getting clean and hygienic drinking water at all times. We utilize innovative technology to bring fresh beverages and break-room supplies to the workplace.

## COFFEE MILL OFFICE WATER FILTRATION SYSTEM BENEFITS INCLUDE:

- Bottle-less Water Cooler & Purification Systems
- Free installation
- Clean and refreshing filtered drinking water
- No lifting or storing heavy bottles – connects directly to your water source
- Regular visits annually to monitor filter and clean the unit to ensure quality
- Monthly or quarterly lease options
- Cups available

When it comes to drinking water, Coffee-Mill is very careful, and we also suggest you to be concerned about the same. Whether you want a replacement filter or get a new filtration system installed turn to Coffee Mill for all your office water filtration needs!
